many. Lankford (Captain) and Blaxton right and left-half-backs are good ground-gainers and hit the line hard. Pope, Scott and Robinson play the ends, the latter being a substitute. All run well-with the ball and know how to break up their opponents interference. Powell and Stone will be in at tackle, and both are hard, heavy players. Duke and Fleming flank the centre Cammack. VIRGINIA-CAROLINA.

The Great Football Event in Richmond, Large Crowd Will Attend. A large crowd from this section will take in the great game in Richmond today between Virginia and North Car-

olina.

The unbroken record of the Carolinas, coupled with the fact that they have only been scored on once this year, makes them confident and also gives the Virginlans a period of uncertainty. The North Carolina people are backing their team more than ever this year and a bright prospect of winning makes them jubilant.

The large score of 44 to 0, which the

City Treasurer J. M. Curtis has been notified by the bank that the money for the bridge bonds has been received and has been placed to his credit.

This means that the new set of \$40,000 bridge bonds which replaced the set that bore a coupon dated ten years back, was satisfactory to Rudolph Kleybolte & Co.

The amount the bonds brought was \$41,400, which was a remarkably good sale.

Mark as the barber—The Frince of the Yellow Robe—was immense. Ernest Warde and Lute Vroman were elever in the characters of the young lovers. The most delightful and by far the eleverest bit of work was done by Miss Mabel Strickland, who was as natural as could be desired and bewitching as the unsophisticated Western girl in society. A severe cold somewhat annoyed Miss Strickland, but did not detract from her charming acting. Miss Ethel Strickland as the society lady, was also very fine and carried her part very cleverly.

Miss Louise Arnot made a good widow looking for "a third." and in the mirror seene with the barber it dresses, brought down the house in dissay and sevant, but her work was greatly hampered by a bad cold that prevented her speaking well andsomely staged and the ladies were handsomely costumed—necessary adjuncts of a smooth performance.

ATTEMPT TO KILL THE CARZ.

(By Telegraph.)

BERLIN, Nov. 23.—A dispatch from Elbing, a scaport of West Prussia, says that an attempt was made on the life of the Czar while His Majesty was returning from Copenhagen. Just before the Czar's special train crossed the bridge between Boehomenhoefen and Lagern, a switchman discovered that the bridge had been barricaded. By almost superhuman efforts, as a result of which he is now in the hospital, the switchman, it appears, succeeded in removing te obstacles sufficiently to permit of the passage of the imperial train.

APPEAL TO SPANIARDS.

MADRID, Nov. 23.—A semi-official note, issued today, contains an appeal to all Spaniards to furnish assistance to save the national credit "if they do not wish foreign capital to be withdrawn from Spain."

The note adds:
"Some people believe Cuba ought to assume her own debt, no matter in whose hands is her sovereignty, because she possesses the security therefor in the form of the customs. It, however, nobody will assume the debt, Spain must pay what Cuba cannot, because Spain made herself responsible."

The note continues:
"With respect to the debt of the Philippine Islands Spain must await a definite treaty in order to know what conditions America will Impose upon Spain through the Paris Commission-ers."
